for beginners, students and adults on Skype and Zoom

ITALIAN

GERMAN

ENGLISH

SERBIAN

CROATIAN

Because of my international studies, experience and living in different countries, I am able to teach many different languages.

I have also written books in different languages, which you can see here www.marinapopadic.info.

While grammar is important - and can be studied from books - conversation is the most important thing in order to use a new language correctly and effectively.

During the lessons we will also learn how to read and write in the new language.

The lessons are very creative and can be tailored to the needs of the student.

During the lessons we should feel free and have fun.
