## I WILL SPEAK

No one can stop me  
to speak instead of man  
about the duration of time  
the promise that was given to me by birth.

My confession is clear!  
You breathless statues,  
I am breathing despite you  
and I paint vast fields  
with sounds and words  
surrounded by your eyes, blind eyes.

I will speak about  
this blind man.  
I'll talk about him  
with joy for other times!
